COVID-19 Updates & Precautions

March 20, 2020 PM update

The Massachusetts Department of Public Health has confirmed that COVID-19 is spreading throughout the Commonwealth. While the number of cases in Hopkinton remains stable with three positive cases, as testing increases, more cases may be identified in our Town.

While Hopkinton is not aware of any shelter-in-place plans intended for our community, residents are urged to adhere to restrictions, practice social distancing, and remain well informed. Please make sure you are obtaining information from trusted sources; such as mass.gov/orgs/governors-press-office, <http://www.mass.gov/2019coronavirus>, <http://www.cdc.gov/COVID19>. For information relating to the Commonwealth's response to COVID-19, go to the Mass.gov website or call the Massachusetts 2-1-1 line for information, resources and referrals. Operators are staffing a 24/7 hotline to answer questions and translators are available in multiple languages.

Town Officials and Emergency Management personnel continue to monitor the rapidly evolving COVID-19 public health emergency. As of 12:00 p.m. on 3/20/20, Hopkinton's Health Department has the same 3 confirmed COVID-19 cases. We have 29 individuals under quarantine; 1 less than yesterday. We continue to evaluate and implement mitigation strategies to reduce the transmission of COVID-19 in the community. Currently, in Hopkinton we do not have any unlinked cases, they are either related to travel or close contact with a known case of COVID-19. Improved social distancing efforts should reduce or stabilize the recent increase. Our mitigation strategy is focused on protecting the most vulnerable population, preserving the public safety and health care workforce and to minimize the social and economic impacts of COVID-19. Individuals, businesses and the community are all part of this mitigation strategy.

At this time, all town buildings are closed to the public.

Parks, Playgrounds and Playing Fields ARE CLOSED.

Essential public safety services provided by the Department of Public Works, Hopkinton Police Department and Hopkinton Fire Department will continue.
